

Cargo Sales Statistics

Extensive statistical reports about the freight sales are produced for single agents, agent groups, per origin and destination, flight number, flight date, ranking of top selling agents, yield and per chargeable weight. Additional analysis about specific accounting periods and year to date comparisons are supported. The statistics are released in Excel for further processing, easy distribution per email and storage. They can be simply adapted to company reporting standards.

Corporate Profile

Lamberth Airline Solutions is a service provider for the international air transport industry.

We serve over 15 airlines in more than 20 countries.

We market our **proprietary software, which our customers use to optimize their back office activities** e.g., in their accounting, sales and direct marketing departments. We also offer our customers a complete range of outsourcing services for complete back office processes, supported by software systems and a professional and highly knowledgeable staff.
