

Interline Management

Interline documents are imported into a database via automatic interface and/or data capture. On behalf of our customers we produce the interline invoices to other carriers and audit the incoming interline invoices.

- data capture and import via interface of interline documents
- production of interline invoices
- audit of incoming interline invoices

Corporate Profile

Lamberth Airline Solutions is a service provider for the international air transport industry.

We serve over 15 airlines in more than 20 countries.

We market our **proprietary software, which our customers use to optimize their back office activities** e.g., in their accounting, sales and direct marketing departments. We also offer our customers a complete range of outsourcing services for complete back office processes, supported by software systems and a professional and highly knowledgeable staff.
